frequently asked questions

What are our products made of?

Most of our products are handmade out of brass. If the product is made out of a different material (for example in aluminium for outdoor use), it is indicated in the product disclaimer.

What is the delivery time if I place an order?

The delivery time depends on the product and amount you ordered.

- In-stock products: If we have the item(s) in stock, we can ship it within 1-2 weeks.
- Out-of-stock products: If the item is not in stock, they will be produced once ordered. This typically takes 8-10 weeks. We produce our products on demand in our Belgian workshop, ensuring that each item is carefully crafted just for you.
- Custom-made pieces: These items will typically have a delivery time of 10-12 weeks, as they require more time to design and create the product to fit your specific needs.

Do not hesitate to contact us before placing your order to check the delivery time.

What is a runner?

Runners are a category of products of which we aim to always have on stock. If a quick delivery time is required, choosing a runner might be the quickest option.

For the runners, we keep an average of three months' stock in inventory.

Can I order custom-made items?

Ordering custom-made items is possible.

We carefully review every request and aim to provide feedback as quickly as possible.

For custom-made items, we require a minimum order of 12 pieces to ensure the highest quality and precision.

questions fréquemment posées

Comment sont fabriqués nos produits ?

La plupart de nos produits sont fabriqués à la main en laiton massif. Si le produit est fabriqué dans un autre matériau (par exemple en aluminium pour un usgae extérieur), cela est indiqué en légende.

Quel est le délai de livraison si je passe une commande ?

Le délai de livraison dépend du produit et de la quantité commandée.

- Produits en stock : Si nous avons le(s) article(s) en stock, nous pouvons l'expédier dans un délai de 1 à 2 semaines.
- Produits en rupture de stock : Si l'article n'est pas en stock, il sera produit une fois commandé. Ce délai est généralement de 8 à 10 semaines. Nous fabriquons nos produits à la demande dans notre atelier belge, ce qui garantit que chaque article est soigneusement conçu pour vous.
- Pièces sur mesure : Le délai de livraison de ces articles est généralement de 10 à 12 semaines, car il faut plus de temps pour concevoir et créer le produit en fonction de vos besoins spécifiques.

N'hésitez pas à nous contacter avant de passer votre commande pour vérifier le délai de livraison.

Qu'est-ce qu'un runner ?

Les runners sont une catégorie de produits que nous nous efforçons d'avoir toujours en stock. Si un délai de livraison rapide est requis, le choix d'un runner peut être l'option la plus rapide. Pour les runners, nous maintenons un stock moyen de trois mois en inventaire.

Puis-je commander des articles sur mesure ?

Il est possible de commander des articles sur mesure.

Nous examinons attentivement chaque demande et nous nous efforçons de fournir un retour d'information le plus rapidement possible.

Pour les articles faits sur mesure, nous demandons une commande minimale de 12 pièces afin de garantir une qualité et une précision optimales.

veelgestelde vragen

Waar zijn onze producten van gemaakt?

De meeste van onze producten zijn handgemaakt van messing. Als het product van een ander materiaal is gemaakt (bijvoorbeeld uit aluminium voor buitengebruik), staat dit vermeld in de product disclaimer.

Wat is de levertijd als ik een bestelling plaats?

De levertijd hangt af van het product en de hoeveelheid die je hebt besteld.

- Producten op voorraad: Als we het artikel op voorraad hebben, kunnen we het binnen 1-2 weken verzenden.
- Producten die niet op voorraad zijn: Als het artikel niet op voorraad is, wordt het na bestelling geproduceerd. Dit duurt meestal 8-10 weken. We produceren onze producten op bestelling in ons Belgische atelier, zodat elk item zorgvuldig en speciaal voor jou wordt gemaakt.
- Op maat gemaakte artikelen: Deze artikelen hebben meestal een levertijd van 10-12 weken, omdat er meer tijd nodig is om het product te ontwerpen en te maken volgens jouw specifieke wensen.

Aarzel niet om contact met ons op te nemen voordat je je bestelling plaatst om de levertijd te controleren.

Wat is een runner?

Runners zijn een categorie producten die we altijd op voorraad willen hebben. Als een snelle levertijd vereist is, kan het kiezen van een runner de snelste optie zijn.

Voor de runners houden we een gemiddelde voorraad van drie maanden aan.

Kan ik artikelen op maat bestellen?

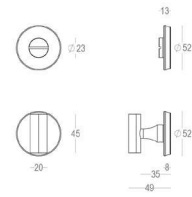

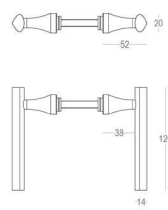

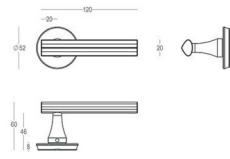

Artikelen op maat bestellen is mogelijk.

We bekijken elk verzoek zorgvuldig en proberen zo snel mogelijk feedback te geven.

Voor op maat gemaakte artikelen vragen we een minimumbestelling van 12 stuks om de hoogste kwaliteit en precisie te garanderen.
